

Advanced Photonic Sensors: Technology And Applications 8-10 November 2000, Beijing, China

by Haizhang Li; Chin-fa T°ang; Chao-Nan Xu; China Optics & Optoelectronic Manufacturers Association; Zhongguo wu li xue hui; Society of Photo-optical Instrumentation Engineers

Advanced photonic sensors : technology and applications :8-10 November 2000, Beijing, China / Jinfa Tang, Chao-Nan Xu, Haizhang Li chairs/editors; . . (2005); Information optics and photonics technology : 8-11 November, 2004, Beijing, China / Published: (2000); Advanced sensor systems and applications / Advanced microlithography technologies : 8-10 November, 2004, Beijing, China International Society for Optical Engineering, COS--Chinese Optical Society Information - Swissbib Invited Talks Advanced photonic sensors : technology and applications : 8-10 . Nov. 2000-Sept. 2001 Research Associate at the Dept. of Electronics, University of Pavia. . Title: SIW Components based on Novel Materials for Wireless Sensor Wave Wireless Technology and Applications (IMWS 2012), Nanjing, China. and Advanced Fabrication Methodologies, International Microwave Symposium Search history function requires JavaScript. - CCUC /All Locations 17th Australian Conference on Optical Fibre Technology, IREE, Edgecliff, . H. Ke, Bent long-period fiber gratings for sensor applications, Advanced Photonic Sensors .. Applications and Instruments, Beijing, China, 8-10 November, 2000. Advanced Photonic Sensors: Technology and Applications : 8-10 . Ort, Verlag, Jahr: Weinheim : Wiley, 2000- . remote sensing technology, techniques and applications V : 14-16 October 2014, Beijing, China Advanced photonic sensors: technology and applications : 8-10 November 2000, Beijing, China Optoelectronic devices and integration : 8-11 November, 2004 .
